

# School Health Profile 2018/19

## Oadby Cluster

This profile provides a picture of child health in this area. It is designed to help local government and health services professionals understand the needs of children in order to improve children's health and reduce health inequalities.

- 1 Beauchamp College
- 2 Brocks Hill Primary School
- 3 Brookside Primary School
- 4 Gartree High School
- 5 Langmoor Primary School Oadby
- 6 Launde Primary School
- 7 Manor High School
- 8 Woodland Grange Primary School

### Key Statistics

The health of people in Oadby and Wigston is varied compared with the England average. About 12% (1,100) of children live in low income families.

- \* Deprivation is lower than average in Oadby and Wigston and life expectancy for men is similar but for women is better than the England average.
- \* The cluster has 5 primary and 3 secondary schools. 5935 pupils attend these schools and 51.4% are male.
- \* The modelled percentage of pupils at age 5 achieving a good level of development in the cluster is similar to the England average.
- \* In Reception, 118 children were classified as overweight or obese. In Year 6, this rises to 244 children (2015/16 - 17/18 collective).

### Key Figures

	Oadby	Oadby and Wigston
<b>Black Minority Ethnic Pupils (BME)</b>	70.2%	46.7%
<b>English as an Additional Language (EAL)</b>	20.8%	15.0%
<b>Free School Meals (Eligible)</b>	6.1%	9.6%
<b>Special Educational Needs (SEN) Statement</b>	1.4%	3.6%
<b>Special Educational Needs (SEN) Support</b>	3.0%	6.8%

## School Readiness

School readiness is a measure of how prepared a child is to succeed in school, cognitively, socially and emotionally. Just as there is an achievement gap in school performance, there is a school readiness gap that separates disadvantaged children from their more affluent peers.

Leicestershire percentage

## School Health Profile

SEN Primary Need reflects the predominant need of each pupil. This is therefore a good indicator of the SEN provision requirements in your area.

Area Type Cluster District

## Child Health Summary for Oadby

The chart below shows how the health of children in this area compares with the rest of England. This area's result for each indicator is shown as a circle. The average for England is shown by the black line, which is always at the centre of the chart. The range of results for all local areas in England is shown as a grey bar. A red circle means that this area is significantly worse than England for that indicator; however, a green circle may still indicate an important public health problem.

- Significantly worse than England average
- Not significantly different from England average
- Significantly better than England average
- Not compared

Indicator Name	Local Value	Eng Avg	Eng Worst	England Range	Eng Best
1. Child Development at age 5 (%)	65.0	60.4	25.0	[Grey bar from 25th to 75th percentile]	88.2
